SECURITY: DSC Products, [www.dsc.com](http://www.dsc.com)

The new style keypads (PK5500 & PK5501) are very nice & easy to use. Four button remote keyfobs (ws4939) & Status module (PC5601).

*Works great and customers say they love their remotes.*

Wireless transmitters for windows, unattached buildings, etc. *Works very good and long battery life.*

SECURITY CAMERAS: DVR's, Monitors, Cameras, We now have a very good line of DVR's H264, 4,8,16 channel units with 250gb drives or larger.

Networkable & easy to use. Has a USB & DVD writer for saving recorded video.

*These are the best, prices are good, but not the cheapest.*

17" & 19" LCD monitors, all type of cameras (dome, IR, indoor, outdoor, etc.)

CENTRAL VACUUM SYSTEMS: Installed in new or existing homes. We install mainly Nutone Brands (like VX550). [www.nutone.com](http://www.nutone.com) *Works great.*

Electric or non electric outlets, wall or floor outlets.

*One customer in a new house said of all the money she spent, the vacuum system was the best thing she had purchased.*

ELECTRICAL WIRING: We install new services, wire outlets, ceiling fans, wire unattached buildings, etc.

*All your wiring needs, electrical, security, phones, TV cables, low voltage.*

*Call 704-279-7088 for FREE ESTIMATES on any of the above products / services.*

## Monitored Alarms

MONITORING STATION: LPS  
1-800-526-8781

Please keep call list, premises phone number, passwords, Updated. Either call us or go on line to:

[www.lpssecurity.com](http://www.lpssecurity.com)

PHONE LINE: Land line or digital (cable phone) is required for standard monitoring. If you change to a digital phone line, after final connections are made to the modem test the alarm system.

CELL UNITS: Are available for back-up, or if no land/digital phone line present.

*thanks,  
Donald Adams*
